Incorporation of Westerly Fire District

Act in Amendment Favorably Reported by Senate Committee—New Road Will Be Finished by Sunday—Nashua Liveryman Anxious to Identify Albert Fuller—Eli Gledhill Chosen Selectman at Stonington.

Miss Lepore, whose scalp was com-
pletely torn off, her hair coming in
contact with a fast revolving shaft,
while in the wheel room of the White
Rock mill, is still in a precarious con-
dition and suffers intense pain. Dr.
John Champlin, who, assisted by Dr.
Russell B. Smith, carefully replaced
the scalp, in the hope that it might ad-
here and perhaps assume in part its
normal condition, has been compelled
to abandon that treatment. The scalp
was off for several hours before re-
placement was possible, too long for
permanent adhesion, and its removal
became necessary. The healing pro-
cess is necessarily slow and it is feared
some parts will never heal.

Everything possible is being done to
alleviate the sufferings of Miss Lepore.
The doctor dressed the head Wednes-
day and the patient felt more com-
fortable than at any time since the
accident happened. The young woman
has declined being taken to some hos-
pital, preferring to remain with rela-
tives in White Rock, where she is re-
ceiving the best possible home treat-
ment. Although the mill company is
in no way responsible for the accident,
the officials have taken the expense
for the medical and other care of the
unfortunate girl, and everything possi-
ble is being done for her comfort.

George Lawton, once a respected re-
sident of Westerly, but who by exces-
sive drinking and dissolute habits has
become a rattle and whose actions are
disgraceful, returned to Westerly on
Tuesday night from the state work-
house. Relatives in Westerly, who re-
ceived the best possible home treat-
ment, have made every possible effort
to have him change his mode of living,
but he spurned their kindly over-
tures.

Lawton applied for and was given
lodging in the police station Tuesday
night, stating that it was his intention
to return to New London, whence he
came to Westerly seven months ago,
after many years' absence. He expects
to get work as cook on a coastwise
vessel, claiming that he had been in
that line of business for several years.

The senate judiciary committee has
made favorable report on an act in-
corporating the Westerly fire district, which
was placed on the calendar. This action is
in compliance with a unanimous vote
of the legislature, favoring the incor-
poration of the fire district. Chief
Engineer Cottrell, acting for the local
committee, visited nearly all property
owners in the section proposed to be
added to the fire district, and all were
favorable to the extension. Then the
project was approved at a special
meeting of the fire district.

A resolution to pay the claims of the
Westerly Savings Fund and Loan as-
sociation, amounting to \$37.50, has been
presented by Representative Langworth
of Westerly and referred to the
point committee on accounts and
claims. He also presented a petition
of the South Woodlawn Improvement
association, asking for an appropriation
for the suppression of the San
June scale, which was referred to the
finance committee.

Judge John W. Sweeney, clerk to
the judiciary committee, has planned
for the committee to take a trip this
Thursday afternoon to Point Judith
pond, in South Kingstown, to look into
the feasibility of the bill providing for
the abolition of the harbor lines of that
body of water.

Work is progressing rapidly on the
new road that will connect the West-
erly-Westerly road bridge at
White Rock with the North Stonington
road, which will give a direct route
between Westerly and North Stonington,
shortening the distance about
three miles when compared with the
circuitous route by way of Pawcatuck.
It is expected that the new road will
be open to public traffic by next Sun-
day.

The Westerly high school baseball
squad to the number of forty held its
practice Monday on the old Riverdale
Park baseball grounds, under the di-
rection of Coach Swain and Chap-
man. After practicing for the past
two months in the basement of the
school, the boys had the courage
to slant the ball with much speed at one
another. Betting practice was also
held, and the boys were showing sur-
prising form at the bat, being taught

over last, "don't have to hit" horse.
A little black and tan dog on the seat
beside him completed the outfit, which
is well remembered by the older resi-
dents of Westerly, R. I. This dear,
self-sacrificing old man drove through
all kinds of weather, miles and miles,
to reach his patients. A full night's
rest was almost unknown to him, yet
he never refused to go when called
upon. The same "one-horse shay" with
its well worn and long used medicine
case, also the faithful little black and
tan, followed the horse containing all
that was mortal of this much-loved
family doctor to beautiful River Bend
Cemetery in southern Rhode Island.

Beasts and men alike knew they had
lost their best friend. The old Doctor
Whitbur residence still stands in West-
erly, but its old-time occupants have
passed beyond. Oh, that was indeed a
golden age, when each one loved their
neighbors as themselves, and every-
body had a true ring of real worth and
honesty. We are now living in what
is called a progressive age, but have
we really progressed? Scientifically,
yes, socially and morally, no. Stomach-
Rite comes to you from these old-
fashioned people and bygone days,
bringing with it a breath of quaintness
and a store of health for sufferers. In
this strenuous life of rush and hurry
this remedy reaches you in all its home-
st simplicity to conquer all before it.

I am proud of the work of my Quaker
forefathers, proud of the simple life
and untiring efforts to relieve human
suffering. I am trying to do my part
complete their work by introducing
among you a remedy which does not
disappoint, and I think you will find
Stomach-Rite that kind of a remedy.

Stomach-Rite is the opiate of stomach and
liver troubles may save their health,
time and money by using this remedy
is my sincere wish. I truly believe that
many run-down conditions, such as
nervousness, kidney, blood and heart
troubles, are caused by a disordered
stomach and liver. Perfect assimila-
tion of the food, a normal acting
stomach and liver makes pure blood,
which feeds the nerves and is true life.

Indigestion causes poor living and con-
stitution is the root of all evil. Correct
these things with Stomach-Rite and
feel the new life current flow through
your veins.

"Very truly yours,"

"Doctor's Daughter."

Stomach-Rite may be obtained of the
leading druggists in every city and
town, or it will be sent to any ad-
dress, prepaid, upon receipt of price,
50c, by addressing your mail order to
"Doctor's Daughter," Westerly, R. I.
You are cordially invited to visit the
Broadway Pharmacy, Engler & Smith,
Prop., or Smith, the Druggist's Phar-
macy, and investigate Stomach-Rite.

Deafness Cannot Be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by in-
flammation of the mucous lining of
the Eustachian Tube. When this
tube is inflamed it causes a running
sound or imperfect hearing, and when
it is entirely closed, deafness is the
result, and unless the inflammation
can be taken out and this tube re-
stored to its normal condition, no case
of deafness can be cured. Nine cases
out of ten are caused by Catarrh, which
is nothing but an inflamed condition
of the mucous surface.

We will give you a Hundred Dollars
for any case of Deafness (caused by
catarrh) that cannot be cured by Hall's
Catarrh Cure. Send for circular, free.

A Religious Author's Statement.
Rev. Joseph H. Pesserman, Salisbury,
N. C., who is the author of several
books, writes: "For several years
I was afflicted with kidney trouble and
last winter I was suddenly stricken
with a severe pain in my kidneys, and
was confined to bed eight days, unable
to get up without assistance. My urine
contained a thick white sediment and
I passed same frequently day and
night. I commenced taking Foley's
Kidney Remedy, and the pain gradu-
ally abated and finally ceased and my
urine became normal. I cheerfully re-
commend Foley's Kidney Remedy." Lee

and made to watch the ball steadily
and keep up and meet the ball.
Many long hits were made, and it
looks as if the batters will be greatly
strengthened this year because of the
plans of the coaches to put more time
in the hitting practice than ever be-
fore.

Arthur D. Ramsdell, a lively stable
man of Nashua, N. H., will identify
the Washington county jail to identify
William Albert Keyser, alias Albert
Fuller, as a man who engaged a horse
and carriage from him about a year
ago and never returned the outfit.

The fellow who hired the horse of
Mr. Ramsdell called at the stable and
requested that the horse and carriage
be sent to a house in Amherst street
which was occupied by people well
known to Mr. Ramsdell. A good horse
and new buggy were sent, and the man
who did the hiring was seated on the
plaza of the house. That was the
last seen of Mr. Ramsdell's horse and
carriage.

Although the police in many states
are interested in the identification of
Keyser as the fellow who stole the
horses and carriages enumerated in
his memorandum, there does not seem
to be disposition to detect the "felony"
where he disposed of at least 12 horses
and carriages. There is an abundance
of clues of a documentary nature in
Keyser's effects to lead to the loca-
tion of the purchasers of the stolen
property in New York city, and the
wonder is that some members of "the
finest" are not assigned to this particu-
lar job.

Selectmen Stahle and Wheeler held
a session Wednesday and selected
Gledhill of Westerly as their associate
on the board of selectmen for the town
of Stonington, to fill the vacancy oc-
casioned by the death of Ebenezer
P. Couch. The new selectman is promi-
nent in republican politics, has served
as selectman previously, represent-
ed the town in the legislature, and is
candidate for state senator, and also
for the office of secretary of state at
the last republican convention. Mr.
Gledhill is manager of the Mystic
Manufacturing company.

Local Laconics.
The Uniformed Rank, Knights of
Pythias, have asked the general as-
sembly for the privilege of using tents

Eugene F. Ward of Westerly, for-
merly motorman on the Norwich-West-
erly road, started Wednesday for
Cognawick, N. D., where he expects to
engage in the cattle business. He was
accompanied by Charles Hurd, Jr., of
Pocahontas.

Miss Florence Parker, who gradu-
ated from the State Normal school ten
years ago and was a teacher in a
Cranston school died Monday evening
after a week's illness at her home in
Cranston. The young woman had
many acquaintances in Westerly.

THE CRESCENT BEACH
WATER AND POWER COMPANY
Pretty Good Reason for Granting
Charter Asked For.

(Special To The Bulletin.)
Hartford, March 24.—It appears that
the real basis of the opposition of the
East Lyme Water company to the
charter of the Crescent Beach Water
and Power company, which the Crut-
tenden brothers of Norwich are en-
deavoring to secure, is that without
these shore resorts its charter would
be of very little value, there being no
sufficiently closely settled territory in
the town of East Lyme to give them a
practicable number of customers, and
hence withdrawing its opposition the
East Lyme Water company proposes
that the Cruttenhams shall buy it out.

This they have no wish whatever to
do and practical refusal to do. They
would be required then to furnish wa-
ter to the whole town of East Lyme,
which is the last thing in the world
they wish to do, and they are willing
to do, under present circumstances
and probably ever. It is rumored
about the corporation that the fact that
the East Lyme Water company has
had a charter for sixteen years and
has not only not done anything with
it, but never made any effort to do
anything and won't let it be sold in
session of the field for another sixteen
years, is considered by the committee
on incorporation a pretty good reason
for granting the Crescent Beach char-
ter and it will eventually be reported
favorably.

MINORITY LEADER
DISCUSSES TARIFF BILL.
Held Attention of the House for More
Than Five Hours.

Washington, March 24.—Declaring
among other things, that a mistake
was made in framing the Payne tariff
bill in not arranging the revision on
the basis of raising revenue only on
every item, Mr. Clark of Missouri, the
minority leader, held the attention of
the house for more than five hours
today in discussing that measure. In-
cidentally, he pointed out that much
time would have been saved in the
consideration of the bill had the dem-
ocratic members of the committee
been consulted about the various pro-
visions of the proposed law. Mr.
Clark spoke in a characteristic style
and frequently caused applause and
laughter. At the conclusion of his re-
marks he received an ovation from his
democratic colleagues.

He was followed by Messrs. Wash-
burn of Massachusetts and Adamson
of Georgia, the former attacking the
inheritance tax provision of the bill
and the latter the erection of a tariff
wall so high as to prevent the people
of the United States buying all the
markets of the world as well as
disposing of other surplus products.

Prospect.—Miss Dickson of Glas-
bury has charge of the Northeast
school for the rest of the term.
